BRIESER CONSTRUCTION COMPANY SITE SAFETY MEETING - TOOL BOX

SAFETY START'S AWAY FROM WORK

October starts the hunting season. Tree stand safety starts with a quality stand. Don't forget a safety harness and make sure you are securely tied off.

Always lift your weapon into your tree with a secure rope and always wear an orange vest and hat of at least 400 square inches. Remember, it's the LAW.

During Deer shotgun season, upland hunters at least wear an orange hat while in the field during shotgun season. Remember to unload you gun while crossing fences, and ditches
